DETAILED ACTION

Allowable Subject Matter

1. Claims 1-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The most related references to the Applicants' claimed inventions are Hidem et al. (US. Pat. #: 5,749,052) and Frisk (US. Pat. #: 6,430,406). These references teach replenishing prepaid account of a mobile phone from a data center (i.e., administrator station in Patent '052 or from a network operator). Hidem and Frisk each teaches that the administrator station or network operator monitors and automatically detects (i.e., the end of a billing cycle, etc.) as an occurrence of a trigger event, and automatically activates the replenishing action, not monitoring and detecting the occurrence of the trigger event by the mobile phone or a telematics unit, as substantially described and connected to the independent claims 1, 9 and 16. Therefore, claims 1-21 are allowed with the statement of reasons as stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
